The Real Issues

The election approaches so near that it is [illegible] ... that the result [illegible] when [illegible] shall be announced.

The result will have a two fold bearing, [illegible] consider its effect [illegible] state policy [illegible] its national aspect

If the people of Oregon desire to approve the scandalous robbery which has been a reproach to this State since the present administration came into power they will give the Ring another Legislature like the last one and confirm the official acts of Grover Miller Teal and the *Herald* If they want more plundering legislation like the locks bill the litigant bill the swamp land act the Portland police bill etc, etc, of course they should elect another Legislature which will be like the last one, that is manageable by the Ring The men who made money by the legislation of the last session are struggling with all their power to get another Assembly which will do their bidding They constitute the most grasping cabal that ever ruled the State, and are putting forth all their efforts to secure further legislation for their own profit and aggrandizement Not only do they struggle to retain the spoils they won two years ago, but they reach out for new jobs and plan further conquests Under their banner are enlisted the whole tribe who have been preying on the State and who have new schemes for spoils

The result of the approaching election will decide whether this state of things is to continue, or whether there shall be radical reform This in brief, is the aspect of the election as regards State policy Freemen of Oregon must decide for themselves

As to national matters, the duty of Republicans is not less clear At this juncture it would be a grand result to give the Republican party of the United States the indorsement of the State of Oregon Two days after our election the Philadelphia Convention is to meet Our election is the first one to transpire after the Convention at Cincinnati It has been asserted that the Republican party is disintegrating But if that party can carry this State, a State which has for years been Democratic, the result will be taken as a very strong indication of the growth and increasing strength of the Republican party, and will be a crushing answer to those who declare that it is in a state of decay Among Republicans of Oregon there is no dissatisfaction with the national administration and no purpose whatever to abandon their national organization They should see to it that Oregon pronounces for the national Republican party.

All questions raised by the opposition in this canvass are of a trifling and irrelevant character. One by one they have been exploded, or have fallen by their own weight. After election they will never be heard of more The whole uproar against railroads, the whole tumult about the locks, amounts to nothing and will at once pass into oblivion Let the people separate the real questions at issue from the false ones raised for a strategical purpose in an election, and there can be no doubt of the result

The "Straight Democratic" View

Mr Greeley, since his nomination, has been giving advice to the "Bourbon Democracy, the term which he designates ninety-five per cent. of the people on whose votes he relies for an election He has been lecturing them on the folly of sticking to their old-fashioned principles, advising them to cut loose from obsolete notions and old party ties, and urging them to gather around the banner of the "Liberal Republicans" and vote them into power. Many Democratic newspapers do not accept this advice They fear it is not disinterested Some of them speak with great severity of Greeley for casting reproach on the great mass of voters upon whom his fortunes depend, and without whose assistance his candidacy would be a ridiculous fiasco.

The Washington *Patriot*, national organ of the Democratic party, says that the strength of the "Liberal Republican' movement has been ridiculously overrated, that the defection alleged to exist is not visible that two important elements upon which the Liberals" have counted—the German vote and the colored vote—have failed to respond at all that the developments do not warrant the expectation that Greeley will carry off any considerable Republican strength, that the business and monetary influences of the country are almost solid against him from distrust of his stability and sound statesmanship, and this influence is immense and ramifies every department of life "Our votes," says the *Patriot*, "are unconditionally demanded, and the Democratic party ordered to disband by a detached fragment of Republicanism, which, left alone, is unable to carry a single Congressional district in the whole Union That paper adds 'Even if success could be assured on such terms, self respect would reject them as base and degrading. A victory which demands that sacrifice is worse than defeat '

In its last issue the *Deutsche Zeitung* referring to the pledges made by candidates on the misnamed 'People's Ticket in favor of the canals and locks swindle, addressed some questions to one of the nominees for the Legislature asking his opinion on the litigant act and Portland police bill, and after stating that this nominee had become one of the *proteges* of the litigant organ concluded The Germans know that those who control that paper have never been their friends but always their enemies A writer in the *Herald* quotes these words as if the *Zeitung* had applied them to itself This writer signs himself, "Many Democratic Germans The sort of Germans that make this kind of blunders are from Pike county Missouri

For the first time the colored vote will next November, be an important element in the election of a President It will mainly be concentrated in eight States, as follows the table showing the population at the last census

States	Whites	Colored	Per ct Col'd
Virginia	1 [illegible] 882	1 [illegible] 842	41 [illegible]
North Carolina	[illegible]	[illegible]	36 5
South Carolina	284 [illegible]	415 814	58 8
Georgia	638 [illegible]	545 14[illegible]	[illegible]
Florida	96 [illegible]	[illegible]	45 3
Alabama	[illegible]	[illegible]	[illegible]
Mississippi	3[illegible] 896	44[illegible]	[illegible]
Louisiana	36[illegible]	36[illegible] 10	50 1
Total	3 681 553	3 241 [illegible]	46 1

In three States, South Carolina Mississippi and Louisiana, the colored people are a majority and in four other States they are more than forty per cent

At last the *Herald* is forced to take notice of the Grant county defalcation But it declares that there is no [illegible] falcation T m Howard, the Sheriff and a candidate for re-election has simply departed and left his bondsmen in the lurch to the tune of [illegible] $2 000 But nothing whatever has gone wrong, and the *Herald* is authorized by a letter from Canyon City to say that it's "all right Of course now the story of this defalcation is a Radical lie

A Democratic Legislature Photographed [illegible] of some [illegible] picture of the corruption [illegible] Legislature [illegible] was a shame [illegible] and the disgrace of a majority of the Legislature that Holladay and his satellites [illegible] Starkey's [illegible] with wine whisky women and feasts to which were added [illegible] revenings and drunkenness Easy going members of that Legislature were wined dined made drunk and put to bed to wake up supple tools of the great Holladay Those of a financial turn of mind were [illegible] to start stock ranches and saloons buy elegant homesteads pay off old debts and even have $2 000 checks to bet on poker albeit they came up to this city as poor as church mice to serve the people at three dollars a day

Nice Legislature this was Remember that it was Democratic largely Democratic, in both branches So that if the *Farmer's* article, which the *Herald* copies with so much eagerness, have any truth in it this Legislature was a far more corrupt body than ever Republicans charged But the *Farmer* appears to be a little out in some of its points Those $2 000 checks were probably the very same which were issued to get the Democratic members from the Southern counties into the Kelly caucus Fay's authority on this point is direct and conclusive The best remedy for the shameful state of things over which the *Herald* and *Farmer* mourn would seem to be the election of a Legislature with an honest Republican majority

The Roseburg *Plaindealer* (Dem) puts down Judge Shattuck's swamp land domains at 100,000 acres Is it not just possible that the Judge want some more friendly legislation in that direction as well as for the canal and locks ? It might be a good thing to be in the Legislature when such "great interests are at stake

A gentleman on the Dolly Varden ticket for the Legislature in this county is terribly down on monopolies But if we may credit Democratic authority, he enjoys having a personal monopoly of 100,000 acres of swamp land, which has cost him little more than nothing

The *American Settler* published in London in its issue of May 1st has a valuable article on Oregon and its advantages for emigrants Much good must result to our State from the publication of such articles abroad

Governor Grover was down here yesterday trying to fix up a scheme to get himself elected to the Senate and to get some more plunder out of the State for his Ring partners

Down Strong exclaims, Down with corporations! He is attorney for a few little corporations, such as the N P R R Co , the O. S N Co , and the Canal and Locks Co

THE DECISION

THE CLAIM OF THE ST JAMES MISSION [illegible] AT VANCOUVER—ITS [illegible]

From the Catholic Sentinel May 25

VANCOUVER W T May 23 187[illegible]

The case of the St James Mission claim which for the last twelve years has been pending in the office of the General Land Department and that of the Secretary of the Interior has at last been [illegible] ... [illegible] Hon W H Smith Assistant Attorney General was given [illegible] ... [illegible] of the Interior who see that he had to solve these two questions

1st Who are included within the terms of the first section of the Act of Congress of the 14th of August 1848 which provides in the following language That the title to land not exceeding 640 acres now occupied as missionary stations among the Indian tribes in said Territory (Oregon Territory) together with the improvements thereon be confirmed and established in the several religious societies to which such missionary stations respectively belong

2d What is confirmed by said proviso to missionary stations?

The honorable gentleman after an attentive examination of the first question, says "I am of opinion that the proviso of the first section of the Act of 1848 conferred an immediate titled right upon all the societies then within its provisions Here is a confirmation of title immediately operating *proprio vigore* for the benefit of all who should at that date be within its provisions

For a construction of the law he refers to the opinion of Attorney General Bates May 27th, 1864 of Secretary Harlan and the Commissioner of the General Land Office in his instruction to the Surveyor General which opinion has never been anywhere seriously questioned His final conclusion is I am satisfied that on the 14th of August, 1848, there was existing a Missionary station of St James

This opinion is so well established by the documentary evidence and the opinion of the gentlemen above quoted that there can not reasonably be the least doubt in the mind of any candid man as to the existence of the St James Mission on the 15th of August 1848 a fact acknowledged by all irrespective of party or creed

Let us now come to the second question about what is confirmed by the proviso

Here the Honorable gentleman experiences some uneasiness in regard to the words *land now occupied* of the proviso He knows not exactly what they mean He is not ready to say whether in *every case* "all the land claimed ought to have been enclosed cultivated built upon or the like Then he speaks stakes or other marks and says that for the liberal purposes of the proviso he would give the language the most liberal construction but knows of no rule so liberal as to hold *land occupied* which has never been included in an enclosure, " etc (He had a little before said he was not ready to require in every case enclosure of the land ') Why should he be so troubled about "enclosure, stakes etc " Had he not before his eyes the following rules given by the Commissioner of the General Land Office to the Surveyor General in 1853 to direct him ?

1st Such provision is understood to grant 640 acres to each separate and distinct Missionary Station referred to

2d In order to comply with the terms of the grants, " " " it will become necessary to cause to be made a special survey of a square mile which *shall include the land occupied*, with the buildings and improvements in the center, as nearly as may be

These rules are undoubtedly plain and clear, and no candid man can deny that the intention of Congress in granting 640 acres to each Missionary station were as well, if not better, known to the Commissioner in 1853, as they can now be known after twenty years He knew that it was not as an alms, but in consideration of the services rendered by the missionaries in laboring to civilize the Indians, that the grant was made by Congress The same view has been invariably taken by all his successors in office, by all the occupants of the Department of the Interior and all the Attorney Generals from 1853 to 1872 Accordingly all cases of Missionary stations have been settled whether they were fenced or not The Methodist mission at the Dalles in Oregon, received from the Government $20,000 for a portion of its claim which was not fenced in 1849 and had never been before The title of the Presbyterian Mission at Walla Walla, and many others which were in the same condition were readily acknowledged and granted Should not all these incontrovertible facts have convinced the Hon Assistant Attorney of the true meaning of the words "the land now occupied But they did not

Yet notwithstanding his apparent dispositions for the charitable purpose of the proviso to give the language the most liberal construction he cannot go so far as went all the Secretaries the Attorney Generals and the Commissioners in office during the course of the twenty previous years He seems to have been sent to teach them that they all have erred in the interpretation they have given to the proviso and accordingly he sets himself up as a reformer Therefore grounded on his far superior legal acquirements he hesitates not to say "I am unable to see how Commissioner Wilson reached the conclusion in his instructions to the Surveyor General It is in my opinion an erroneous construction of the proviso The Hon Mr Wilson, as well as all the other honorable gentlemen who approved his construction, will no doubt be much flattered by the compliment

The Hon Assistant Attorney General continues On the 14th day of August 1848 the Mission of St James was *in actual possession* of a small piece of land upon which had been erected a church in which the priests there stationed held religious worship The Mission at that date had never asserted any claim whatever (would the Hudson Bay Company wrongfully claiming possessory rights to the land, have allowed it?); had no enclosure, and was therefore only in occupancy of the land covered by the church edifice and such land as was appendant to it This it occupied in my opinion, as a missionary station among the Indians The society to which said Mission belongs has therefore a vested title in the land upon which the church edifice extends and as much appurtenant thereto as at the passage of the Act was within the enclosure or used for church purposes

Such therefore has been the generosity of the Congress of the United States in his opinion As an acknowledgment of the precious efforts of the missionaries to civilize and christianize the Indians Congress grants the land covered by the church and a few feet more What wonderful liberality *Ridiculus mus* [illegible]

This opinion has been submitted to the Hon Attorney General Williams although he has an interest in a portion of the claim He has written a letter on the subject which may be considered as approving it from the fact that the Hon Mr Cowen, acting Secretary has declared that he himself concurs in the opinion of the Hon Mr Smith The legists will here please remember that the old axiom *Lex res sunt ampliandæ* is no longer in fashion Hereafter they must say *Favores sunt restringendi* and *odiosa amplianda* as in the present case

By such a decision if it could stand the first Catholic Mission established among the Indians in Washington Territory the mission which before 1848 incontestibly labored more than any other for the civilization of the Indians would have only a few feet of land while the similar missions have received 640 acres and [illegible] $20 000 for the land occupied by the Government for a military post Why such glaring partiality in the Administration There can not be any other reason for such a decision but that the land claimed is considered as of too great a value and that some military officers already too well known here covet the land in whole or in part There is no doubt that by their influence they have been in a great measure the cause of this long procrastination on the part of the Government in the past and have in the present contributed their share in the rendering of the foregoing adverse decision

We have now given a true report of the decision and the ground upon which it is founded We therefore present it to an enlightened public in order that it may form its opinion upon the merits and demerits of the case, and that it may know that all the religious societies do not stand on the same footing of equality in the eyes of the liberal Government of the United States in the year of grace 1872 A CATHOLIC

A Rousing Republican Meeting in Oregon City

[illegible]

[Tele[illegible] to The Oregonian]

The largest political meeting [illegible] ... [illegible] Mr Applegate spoke [illegible] ... that which he discussed in Portland He [illegible] that the Republican party was the great party of progress not only in the [illegible] ... [illegible] and in building railroads and steamboats in erecting colleges and seminaries of learning and that the world to day looked upon this powerful organization as being the only party in the world equal to the march of civilization and the progressive tendencies of the age

He reviewed all the objections urged by the Democracy against the Republican party in a masterly and unanswerable manner The Dolly Varden ticket and the Greeley dodge were handled unmercifully The speaker showed that the Democracy was against everything that tended to develop the interests of the country and people that it voted against giving land to the landless and poor that it voted against railroads that it voted against freedom and equality before the law that it voted in favor of secession and laughed at the calamities of the nation in her hour of peril

Mr Applegate's speech throughout was eloquent and characterized by logic and convincing argument The meeting was very enthusiastic and attentive to the remarks of the speaker Mr Applegate's speech was of great value to the Republican cause in Clackamas and cannot help but do good wherever he repeats it

Our county canvass is progressing finely with much greater hope than was expected at first for a large Republican victory [illegible] news comes in from all the precincts showing many changes in our favor Other Democrats say that while they will not vote the Republican ticket they do not propose to vote for county officers who were nominated by Joe Teal Grover and Miller to further their schemes of infamy and unblushing corruption The Republicans of Clackamas will give a good account of themselves on the [illegible]

THE TERRITORIES

A new town site has been laid off at Point Elliott, Washington Territory

The Olympians are to have plaza concerts by a cornet band during the summer

It is reported that Geo D Hill has been appointed Superintendent of Indian Affairs in Washington Territory

Elijah Corbett, of Portland and [illegible] Coggan, are proprietors of the regular line of stages from Monticello to Olympia

Robert Russell of Seattle had a valuable horse which was killed the other day by backing off a wharf into the river

The sloop *Tree Bee* capsized off Mukilteo Point on Thursday of last week Two men were on board who climbed upon the bottom of the craft and were rescued The cargo was totally lost

The Olympia *Transcript* says Messrs Renton, Smith & Co , of Port Blakely, are building for their own use, a very large and superior tug boat She will be about 250 tons measurement and, in point of power equal to any on the coast

A couple of our Washington Territory exchanges complain that we do not attach their name to every two line item which we and they each publish though they have both retaliated in kind to a much larger extent. They "strain at gnats " etc

The Olympia *Transcript*, speaking of the chances for securing good lands in Washington Territory says the valley of Bunker creek east of Olympia which is from nine to ten miles in length and one mile wide, all good land Any person desiring to visit this creek will be shown by Mr Symons No Indians are said to visit it as they believe the devil lives in the big hill on the divide between Lincoln and Bunker creeks An Indian once went there, and never returned so the Indians think the devil got him

The Puget Sound *Courier* of the 23th inst says The fine schooner *W H Myers* Capt W. H Marton, about 300 tons, cleared for Port Townsend on the 19th inst with lumber for San Francisco went ashore on Thursday last in a dense fog about three miles below Port Angeles The Cutter *Lincoln* was promptly dispatched to her relief but as she went ashore at high water in a dangerous place, it is feared she will be a total loss Nothing has been heard of her condition since the cutter left Port Townsend

WEDNESDAY MORNING MAY 29 1872

CITY.

The PEOPLE'S TICKET—We have at the cured an illustrated ticket issued by some member of the dem cratic gentleman of this city which deserves a passed more than a passing notice The ticket is headed the same as the title of this paragraph and from the general make up of the ornamentation a very fair to presume that its destination will be somewhere at the county polls the 5th of next month An exact description of this small but significant piece of literature is a very difficult task to embrace as it is illuminated with several elegantly designed cuts However we will essay as close as possible a description as possible

At the head of the slip of paper on one side (for like all other questions it has two sides) are the printed words Ticket for Salt River next Multnomah County June 3 1872 next a broad black rule next the expressive motto Let Every Man Mix His Own Hash next the head of a blushing damsel with auburn locks and Grecian features (?) with the words "Dolly Varden" underneath next follows a double rule and the entire Zebra county candidates nominated by little C P Mason, Pres and others, and ratified by the late Democratic County Convention Here we regret to see the names of John Dolan for Assessor and Rev T L Eliot for School Superintendent, notwithstanding these two gentlemen have both directly repudiated the nomination tendered them from the Dolly Vard' "ites). After the names is that familiar cut so often observed on the labels of strychnine bottles, the grim skeleton head and cross bones next, "No Return Tickets Issued another mourning rule, and then comes For President of the United States Horace Greeley a lighter mourning dash rule, and then to complete the picture of such "sad and sombre import," is a full grown hearse with all its attendant solemnities—draped horses, nodding plumes and coffin, with the no less sepulchral explanation underneath of "Triumphal entry to the White House, Nov 5 1872" All around the margin of this side of the ticket are deep mourning lines This completes the dark side of the picture

The other side of the slip is certainly less black as regards printers ink, and the number and character of the stunning illustrations, but we are inclined to the belief that such is not the case with the prospects of the party this side is intended to represent, for it says at the head "Straight Democratic Ticket," then the name of the county and State, and the date of the coming June election. After this a light rule, (these liberally disposed gentlemen like the article of rule) then a big bantam (exact breed of the fowl not known) rooster which, for some reason, is in mourning The last unnatural and awkward position of the bird, must be either a mistake of the liberal printer, or else it is a very brilliant conception on the part of the aforesaid "liberal"

But the words just below comes ... to the rescue "This is the State of Democracy," which settles all doubts.

This is followed by the no less beautiful and poetical language of "To-day it puts forth the tender leaves of hope, to-morrow blossoms, and bears its blushing honors thick upon it, and when we think, poor foolish souls, full surely its greatness is ripening, there comes a frost—[Ben Holladay]—a killing frost—[Horace Greeley]—and nips its root

After this outburst of the pathetic, comes the names of John Burnett for Congress and Bellinger for Prosecuting Attorney, followed by the names of the different county officers with appropriate blanks where candidates' names should be inserted. At the bottom of the ticket is an unhealthy looking coffin, with the words immediately below "It will never do to give it up so Dr. Brown" The whole affair as a caricature is an eminent success, and seems to clearly demonstrate to what base uses Democracy has of late been prostituted to save its sinking fortunes, and to what profound depths of humiliation and ridicule the "Dolly Varden" ticket, so called, and its meager advocates have found themselves cast We earnestly commend the perusal of this "two sided" affair to the public

DECORATION DAY—As the members of the G A. R. of this State propose to celebrate Decoration Day with appropriate observances and ceremonies on Thursday, at the Court House, we publish the following order issued by General A. E. Burnside, Commander-in-chief of the Grand Army of the Republic

HEADQUARTERS GRAND ARMY REPUBLIC,
New York, April 30, 1872

General Orders, No. 20—In accordance with the rules and regulations, the 30th day of May will be observed as Decoration Day by all Posts of the G. A. R., and the customary honors will be paid to the memory of our dead comrades

Posts are recommended to invite the unanimous co-operation of comrades not members of the Grand Army, and all citizens who wish to join in these memorial services

In addition to the custom of strewing the graves with flowers, it is suggested that they be planted with flowers and shrubs so that, when we are gone, the seasons in their ceaseless rounds may, in our stead adorn the sleeping places of our comrades By order of

A E BURNSIDE,
Commander in chief

ROSWELL MILLER, A A G

EXCURSION TO VANCOUVER—The picnic excursion to Vancouver yesterday by the pupils of the Catholic Church was a most pleasurable occasion At 10 o clock the pupils formed at the Cathedral corner of Third and Stark streets and preceded by the East Portland Brass Band marched down Stark to Front up Front to Yamhill at the foot of which was moored the steamer Vancouver chartered for the day A few minutes before 11 o'clock the steamer glided away from the wharf with colors flying and band playing There were in attendance about two hundred children besides a number of parents, teachers and others. Who accompanied the excursion It was a gala day with the little folks In the evening the steamer returned to this city

TONGUE BROKEN—Yesterday as the span of brown horses, attached to the buggy of Russell Ferry & Woodward were standing hitched in front of that firm's place of business one of them concluded to lie down He accomplished that feat so easily that he attempted to roll over In doing this the tongue was strained so that it cracked The horse frightened the equine so that he attempted to rise quickly The tongue got across his back and was snapped off A general runaway and smash up would have occurred if several bystanders had not caught the animals and held them until the scare was over No further damage but a broken tongue and one of the horses legs slightly scratched

RETURNED—Rev Dr A L Frdrichsen has returned from a trip up the valley last week He speaks very highly of the country through which he passed and returns in greatly improved health He will hold service in the Scandinavian E L Church in East Portland on next Sunday at 2 o'clock P M The Norwegian service will be omitted for the present

An exchange from a locality where the fever rages, says that the season for being killed by base ball opens a little late this year, but a satis factory report has been received Age, 12, hot liner, in the stomach This ought to cool some of the "ardent fans" of our Portland boys

NESMITH AT ORO FINO THEATER—This very distinguished and learned orator (?) pursuant to previous notice, delivered a very lengthy speech last evening at Oro Fino Theater The crowd was large and certainly deserved to be entertained with a better effort on the part of the speaker It is not our purpose to attempt to give a synopsis of what Mr Nesmith said As for its merits or the correctness of the subject matter presented too little cannot be said The speech was Nesmithian in all its essential characteristics with the marked and very surprising exception that it was singularly free from those chaste and classic flowers of rhetoric for which the gentleman is so justly celebrated We can add this much truthfully that Mr Nesmith has made wonderful improvements in his style of speaking To the agreeable surprise of many he avoided telling any of those choice and modest anecdotes of which he has such an abundant store His discussion of the national issues if it could in any sense be called a discussion was very superficial very rambling discursive, and almost wholly without logic or facts to support it His argument was specious and consisted principally of empty assertions To be candid and truthful we have not listened to such a demagogical harangue for a long time Many of his assertions were so very palpably absurd that it would be a loss of time and space to attempt to refute or even repeat them In conclusion, we must pronounce the effort of Mr Nesmith last evening as but a tissue of misrepresentations and demagogery from commencement to ending

ASTONISHING—Nesmith in the course of his wandering remarks last evening made this very startling assertion That it required more money under the present corrupt Administration to run the Government than it did during the Administration of Buchanan Van Buren or even Washington This argument, all must admit was conclusive, and was about a fair specimen of the rest of his wearisome harangue

Mr Hicks who has ... been a staunch ... and ... up ... among ... a ... rather than a straight Democratic ticket that he had ... unless in respect ... for the sake of his ... principles than all ... any other ... the country and claimed to be a Democrat still He had broken with the action of the so called Dem cratic Convention of this county as well as the action of ... and 47 others ... taking up and indorsing the thing called the "People's ticket and he had warned his fellow Democrats that he could not be Dolly Vardenized in the County Convention nor Greeleyized in the National Convention Between the two tickets he preferred that of the party which adhered to its principles to that which attempted to get behind a Dolly Varden dress and creep into power under false pretenses and between Grant and Greeley he was Grant He said what he had to say in a plain common sense manner without any attempt at oratorical display but reasoned matters in such a way as convinced all who heard him that he is honest in his views and is too high minded to be made the dupe of any set of sore headed partizans, coming from whatever party they may He said he knew there was war in the Dolly Varden camp already that they were bargaining and selling and that each man on their ticket stood ready to sell out the next candidate above or below him He believed the Regular Republicans would sweep this county by 500 majority, and that the Democrats who would refuse to support the so called People's ticket were far more numerous than the Republicans who would not vote the straight Republican ticket We have seldom heard a man unaccustomed to public speaking who can state his views with more clearness or in a more intelligent manner give a reason for the hope that is in him than Mr Hicks His speech last night, as well as those of the other gentlemen who addressed the meeting was listened to with marked attention by the entire audience and frequently applauded There is no letting up in the good work, and all the efforts of our political opponents to cool the ardor or quench the zeal of the Republican hosts are futile, and next Monday morning will find that host ready to move on the enemy's works Monday night the Dolly Vardens funeral will take place

Thoughts on Journalism

Nob ly will asser that [illegible] ne er would [illegible] any such rule would be t depriv [illegible] press of three fourths [illegible] its usefulness and give a large body of knaves a [illegible] impunity Nor should an editor be required to know personally the facts of every charge he makes If every editor had to satisfy himself of the truth of everything he publish [illegible] papers would cease to appear Nor [illegible] bound to give the name of everyb [illegible] criticises the opinions or public career of public men. It makes no difference to anybody who writes the comments which appear in a newspaper on facts of general notoriety The question in this is not from whom do these comments come but are they sound? But when an editor determines for reasons of public policy to denounce any man as a thief, or embezzler or forger or peculator we believe the generally accepted and only sound rule is that he should be ready to produce the evidence of the truth of what he says, whenever called on by the accused person, before any tribunal whatever, libel suit or no libel suit He is bound to show be documents on which he based his assertions or produce the person whose word he trusted when he made them Anybody who asks an editor to allow him to make charges of this kind in his paper but refu s to come forward in support of them if called upon, is unworthy of belief and deserves no more pity, shelter or connivance than any lurking assassin or sneak thief Skulking patriots, who are anxious to make "exposures" of private character, but unwilling to shoulder the responsibility of them, are a very large class Every editor is familiar with them, but we believe it is the general practice of editors to refuse them a hearing

Wool in San Francisco.—The *Pacific Rural* [illegible] 18th, says—as follows of the wool prospect in the San Francisco market: [illegible] is now hardly a possibility that wool will maintain even its present value There are now in store, in San Francisco, over 18,000 bales, including all grades, and every day is adding its quota of receipts from all parts of the State. If we compare the present amount on hand, with the wool clip of last year, it is evident that a very large quantity is still in the hands of the growers for some of which prices ranging from 40 to 52 cents have already been paid The receipt of this, in addition to that now on hand, lessened only by a few light sales, will have a tendency rather to lower the price in this market than lift it to a higher figure.

Much of that now coming in is not sold or contracted for, and for the most part is in small lots, from the growers on a small scale many of whom feel compelled to realize even at low rates, this will have a further tendency to lower the prices, and we now hear of sales of small lots at prices ranging from 36 to 40 cents. On the whole, we do not see what there is to warrant a belief that wool is to advance in price greatly beyond its present market value."

Important to Publishers—By a recent decision of the Post Office Department the law regarding mailing newspapers by mail has been more clearly defined than it has heretofore stood. No name or memorandum can be made on a newspaper inside of the wrapper on which the add[ress] is written It is barely permissible to mark an article with pen or pencil More than this subjects the paper to letter postage, and the violator of the law to a fine. No printed card, handbill or advertisement, no [illegible] notice, no letter, or slip of any kind whatever, must be folded in the paper. To do any of these things is to violate the law. Printed slips pasted on the outside, or folded in papers or periodicals, soliciting [illegible], are also violations of the law. [illegible] of transient papers can send [illegible] of printed matter by weight, or transient postage [illegible], but must not send any written matter in such bundles.—*Printers Circular.*

John Stuart Mill, one of England's strongest thinkers, deprecates the action of his Government in refusing to submit the question of consequential damages to the Geneva arbitration. He says: "If there is any value at all in the principle of international arbitration, there is surely no subject to which that principle can be more fittingly applied than in determining the true sense of an international [illegible]." It is sincerely to be regretted that this view has not been more widely prevalent in England, and the whole matter of our difficulties left without exception to the Board at Geneva; not only for the purpose of [illegible] the im[illegible] questions at issue, but [illegible] to establish the precedent of [illegible] national court. A successful example of such a nature would go far to prevent wars between civilized nations in the future, and mark a great epoch in the progress of law

"Will the *Tribune* inform us whether in its opinion, it is worse to be a party organ or a personal trumpet?"—*Evening Post.*

Does the *Post* expect a plain answer from the *Tribune* to so pertinent a question? It can [illegible] any amount of gush about what is and is not "[illegible]," and any amount of [illegible] about "independence," &c. But the *Tribune* will continue, notwithstanding, to distort every fact and incident in favor of Greeley, to suppress news, as heretofore, which tells against its Presidential candidate, and to [illegible] itself that the public does not see through its very lame pretense of independence.—*N. Y. Times.*

H[enr]y Clay was once tempted as the Sage of Chappaqua is tempted now.

"Support the anti-tariff measures," cried the Democratic Mephistopheles, "and you shall sit in the [illegible] of Washington."

"Never!" replied the Mill-boy of the Slashes "I would rather be right than be President."

To-day the voice of the same beguiler whispers to the pseudo friend of Henry Clay

"Do as we bid you, and the great prize is yours."

To which thus responds the friend of "Henry Clay"

"Command me as you like. I will do anything to be President."

The annual meeting of the British Society for the Liberation of Religion from State Patronage and Control was held on May 1st, in Mr. [illegible]'s great chapel, the Tabernacle at Newington, London upward of 4 000 people being present Resolutions pledging the meeting to continued agitation in favor of the establishment and disendowment of the English Church, were carried unanimously Continued reference was made during the meeting to the present position of the educational question in England, and a strong determination expressed to leave no stone unturned to obtain purely secular instruction in State schools

REPUBLICAN PLATFORM

RESOLUTIONS ADOPTED AT THE STATE REPUBLICAN CONVENTION AT PORTLAND MARCH 20 1872.

The Union Republican party of Oregon in Convention makes this declaration of its principles and policies

1 To the Constitution of the United States and all its amendments we pledge an unfaltering allegiance to its authority a willing obedience to its full and legal construction and enforcement our constant support

2 That the success of the present National Administration in reducing the public debt, diminishing and equalizing taxation administering every branch of public affairs with economy and efficiency, forming and improving the civil service enforcing the laws without fear or favor protecting the nation's wards with paternal care against the cruel avarice of speculation and fraud and maintaining friendly relations with Foreign Powers has been such as to commend the approbation of the great majority of the American people and justly entitle it to the confidence and commendation of every true Republican

3 We regard the payment of our national debt in full compliance with all legal obligations to all our creditors everywhere and in accordance with the true letter and spirit of its contracting as no longer a question in issue but that we may be clearly understood we denounce all forms and degrees of repudiation of that debt as affirmed by the Democratic party and its sympathizers as not only national calamities but positive crimes and we will never consent to a suspicion of lack of honor or justice in its complete satisfaction

4 We admit of no distinctions between citizens whether of native or foreign birth; and therefore we favor the granting of full amnesty to the people of the States lately in rebellion and we here pledge the full and effective protection of our civil laws to all persons voluntarily coming to or residing in our land

5 We favor the encouragement of railroads by the General Government of the United States and hold that such disposition should be made of the public lands as shall secure the same to actual settlers only in quantities not exceeding 160 acres

6 That while we are in favor of a revenue for the support of the General Government by duties upon imports sound policy requires such adjustment of those duties on imports as will encourage the development of the industrial interests of the whole country and we recommend that policy of national exchange which secures to the working man liberal wages to agriculture remunerative prices to mechanics and manufacturers an adequate reward for their skill labor and enterprise and to the Nation commercial prosperity and independence

7 We believe that popular education is the sole true basis and hope of a free government and shall ever oppose any diversion of, or interference with the common school funds or lands in this State for any other than their legitimate purpose and we condemn the act of favoritism by the last Legislature whereby two hundred thousand dollars taken from the school fund were granted to a corporation consisting mainly of Democratic leaders and party favorites for the construction of a work which another corporation entirely solvent and responsible offered to construct for seventy five thousand dollars less and that we are in favor of the passage by the Legislature of an efficient school law such as shall secure to all citizens of our State a good common school education

8 We find no terms sufficiently strong to express our disapproval of those acts of the last Legislature whereby the swamp lands belonging to this State have been taken from the needy settlers and given with no limit or price or competition to present the land grabber and speculator whereby the emoluments and salaries of State officers have been increased and the taxes increased thousands of dollars by the creation of new and unnecessary offices and salaries, for the purpose of providing for party favorites and whereby the citizens of our metropolis have been deprived of and denied their right of controlling their police authority And we equally condemn the administration of their fillegal and lawless extravagant and reckless illegal and dishonest [illegible] and deplored all the [illegible] and acts of the Democratic party

9 We are in favor of the United States giving to each honorably discharged soldier who served in the armies of the United States to put down the rebellion a warrant for a homestead of 160 acres of public lands

10 That we demand the repeal of the so called literary fact which was devised to support a superannuated Democratic newspaper at the public expense

11 That the Republican party of this State are in favor of the General Government extending aid toward building a railroad from Portland Oregon to Salt Lake City and from Jackson county to Humboldt, and we hereby pledge our party representatives to the support of the same

12 That the indiscriminate licensing of persons to sell spirituous liquors without being placed under proper responsibilities for the abuse thereof having been found by experience to promote the growth of crime and pauperism and thereby to seriously increase the rate of taxation the Republican party recognizes the right and duty of the law making powers to prevent and limit the evils and abuses of such sale so far as concerns the public good and is consistent with individual liberty, by refusing to license other than law abiding and responsible persons who can furnish sufficient sureties for good conduct

13 That the Republican party of Oregon is in favor of obtaining assistance from the General Government for the construction of a wagon road from the city of [illegible] land to the Da[illes] [illegible] this a most important and [illegible]
